JumpSeat®

Available with a fixed or movable base, the award-winning compact JumpSeat is ideal for lecture halls and auditoriums in addition to public spaces and office environments.

JumpSeat® 90

Sitting at 90 degrees, this chair is floor mounted and flush to the wall, ideal for additional seating in narrow corridors, library stacks and small offices.

INFOLK

JumpSeat® Wall

Cantilevered off the wall, this chair is ideal for patient rooms, boardrooms, hallways and other areas where space is at a premium.

JumpSeat® Emerge

JumpSeat Emerge creates a multi-functional room by transforming an open event space into a sleek JumpSeat auditorium in a matter of minutes.

J30

Developed to complement today's architecturally refined interiors, the J30 auditorium chair delivers contemporary design and comfort with a variety of options and finishes.

R40

The R40's elegant design is ideal for auditoriums, conference rooms and performing arts venues. Low back, high back and anti-panic tablet options provide added flexibility.

G20

Offering streamlined design and comfort, the G20 is a fully upholstered, sophisticated chair ideal for auditoriums, conference rooms and theaters.

P10

A clean, contemporary sensibility defines the P10 chair. At a surprisingly attractive price this durable, beautiful chair will earn rave reviews in performance halls wherever it's installed.

EXIT

E10

When selecting a seat of wisdom, the E10 is a thoughtful choice for auditoriums. Supportive and sleek with a tablet arm, it's an affordable and comfortable chair that looks smart and performs brilliantly.

L40

The L40 is characterized by its sophisticated and sculptural design. Its scale, refined aesthetic, and unsurpassed comfort wows the most discerning audiences in auditorium and performing arts venues.

Lamb's Chapel

Mercury

The Mercury auditorium chair provides durability and visual appeal at an affordable price. The contoured seat and serpentine springs provide superior comfort and cushion lifespan.

Mercury Plus

The Mercury Plus auditorium chair provides plush cushions with a rounded back panel and multiple seat widths and back heights.

Mercury Premier

The Mercury Premier auditorium chair includes three unique versions, the Fixed, Rocker and Planetarium. All models feature a plush seat and back and gravity uplift seat, making them ideal for theatres, performing arts venues and planetariums.

T50 Fixed Table

With a contemporary feel and refined visual appeal, the T50 Fixed Table complements prestigious architectural environments, creating a technologically advanced product that is both elegant and durable.

M60 Swing Away

The M60 Swing Away incorporates a self-centering seat return that provides consistent seat count and room uniformity, optimizing room design and functionality for today's learning environments.

O60 Series

The O60 Series is a fresh design in swing away seating. Available with multiple table and chair options, this cutting-edge system is ideal for today's higher education and corporate learning environments.

V8000

The clean, modern lines of the V8000 seating system is ideal for lecture halls, auditoriums and training facilities. The V8000 creates simple, yet sophisticated seating solutions that maximize seating capacity.

Gnosi[®]

With its continuous and curved lines, the Gnosi is a collection of chairs designed to perform beautifully in any space. Incorporate the Gnosi shell into a fixed lecture hall or use the collaborative version to create a team-based learning environment.

ART OF THE FORM. Just four short words, but together they provide a sure and stylish foundation for Sedia Systems' aspirational approach to design and its inspirational reason for being. Sedia Systems soars with sophisticated and sculptural products that stand elegantly apart from the competition. Sedia Systems: Redefining the Art of the Form.
