MUUTO

storage that evolves with your needs

A Stacked Storage System is never final. It can always be rearranged and enriched with more modules — whether it be transforming a small side table to a large bookcase.

Choose from 24 pre-designed configurations or design your own!

modules to create your stacked storage system

Choose from Modules that are open, have a back-board or a door on their front. Place the Modules directly on the floor or on a Stacked Podium or Plinth — or hang them on a wall. With the use of small Clips, the Modules are easily connected for a stable storage solution. Discover the full collection below and learn more on muuto.com
